The President's Thoughts

September is here, and with it, the return of school busses and children waiting for them. Please be careful in those areas where children are boarding school busses or getting off of them, as they may not stop to look both directions while running to or from the bus. Remember the rules of the road, keeping at least 10 feet from the bus while it is stopped.

It is also time for Saturn Day at the Zoo on Sunday, September 14, 2008. As you are a Saturn owner, you should have received your postcard invitation by now. This looks to be an exciting time again this year. Look for the CarClub table there, along with the Charity Newsies – Saturn of Columbus' charity partner and other businesses. Stop by the table and say hi and **REMEMBER** to sign in to receive your point toward your active membership and the 15% discount on all service and parts from our Saturn of Columbus retail locations.

The charity partner for Saturn Day at the Zoo is Charity Newsies. As is our custom, we will be presenting them with a check to go toward their work here in the greater Columbus area.

Before Saturn Day at the Zoo, we will have our regular September General Meeting at Saturn Southeast on September 11. This will be held in the service entry area as a special guest is coming. In last month's newsletter, there were three pictures of an electrical engine being installed in an S Series Coupe. There are more pictures of this unique vehicle in this month's newsletter. Dwight Kelly will be with us to talk about the car and the equipment he has installed in it. Let's make it a full house for this event.

Several of our group traveled to Detroit this past month and had a great time. They found a good spot to sit and watch the cars cruising up and down Woodward Avenue. They also did take in several of the museums in the area.

I would like to find out if there would be interest in going down to Spring Hill, Tennessee next year. The factory where many of our cars were built is still there, and still has the Saturn logo on the gateway. In addition, there are many significant historical sites in nearby Nashville and Murphreesboro. And remembers all the great food that we have had while we were in the area – we will plan return trips to Vittles, Betty's and

Legends!

We are completing our plans for this year, and also are starting to look ahead to next year. We need your input as to activities to do as the Central Ohio Saturn CarClub, and also organizations to support as CarClub Charity Partners.

Some of you are very close to being Active Members for the remainder of this year, and all of next. All it takes is six points, based on attendance at meetings or activities.

This is also a reminder to use up the old Oil Change coupons. Only those from this past year are still good. These will expire at the end of the year. The new Service Coupons have been given out several times this year and can be used for much more than what the Oil Change coupons could.

Looking ahead to October, November, and December, we will be taking nominations for the officers' positions soon. It is an excellent way to gain leadership experience, and have fun at the same time.

That is all for now. See you at a meeting soon.

*You're not just in the club, you **are** the club!*
