

The Bexley Lion Tamer

February 2010

Words from Our President

Bexley Lions –

We have Dr. Sobol coming on February 15th. I must admit that I have not been able to help this club become more energetic this year. There are still events coming up and help is needed to celebrate Governor Barry's year in office- this has been a year of turmoil for many

Bexley Lions Club members, still time to finish on a high note. The District convention is on March 26th and 27th and we will all need to help out in some way with this event. There is not going to be a Valentines party this year but if someone wants to chair that event please contact me and you have a year to work on it. If you are interested in the direction of the club and are interested to serve as a Board member or help as a co-chair for an event please let me know. The next Zone 4 meeting will be hosted by Tri Village and held at Joe's Crab Shack on February 18th.
"We Serve"

Lion Larry

UPCOMING EVENTS:

Mark your calendars now for these special events:

Feb 1- Meeting at Wings

**Feb 6-Columbus Downtown Charter Night,
Capitol Rotunda, 6:00 pm**

**Feb 8 – Board Meeting-Kate Sniderman's
House, 6:30 pm**

**Feb 15-Meeting at Wings-Dr. Sobol, speaker
March 26-27-District Convention – Holiday
Inn, Worthington**

GREAT MEETING

Hope you were at the January 18th meeting. Scott Dempsey (does that last name sound

familiar?), coach of the Bexley Girls Soccer Team spoke to us on his leadership approach

with the girls. It certain works-what a record the Bexley girls have. Great job Scott.

Barry Brandy inducted a new member to the Bexley Lions, Fred Henderson. Below is Barry, Fred and Fred's sponsor, Ed Hauenstein. Be sure to say hello and introduce yourself. Welcome Fred.

Lions For A Healthy Planet

By Landfill Lilly

Let's Re-Think: Bottled Water

Americans purchase about 28 BILLION single serving water bottles every year & 2 out of 10 empties are recycled. City tap water must meet numerous USEPA standards & must be tested frequently; bottled water does not. Still concerned about tap water? Carbon filters (e.g. Pur & Brita) remove a wide array of contaminants. So, for your health, your wallet & the planet reach for water on tap!

Happy February Birthday

Melissa Black – Feb 20

OSSBMB PRESENTS PASADENA

February 11th at 6:30 p.m. in the OSSB school auditorium for OSSBMB benefactors and marching assistants and anyone else, the story of the trip to Pasadena will be presented. They will tell all about the trip, show videos & pictures, etc. The band will perform in newly cleaned uniforms, and publicly thank people who contributed making the history-making trip possible. At the Feb 11th event, they will recognize the marching assistants (in uniform) who are ever so much a part of the band.
